

WELCOME TO STUDIO MUSICAL

“Music is a moral law. It gives soul to the universe, wings to the mind, flight to the imagination, and charm and gaiety to life and to everything”

-Plato

About the Teacher...

Mariam Mouawad first began her career as a music instructor as a student-teacher back in 2010. As of June, 2015, she has graduated with a BA in Music from Thomas Edison State College with an emphasis on piano pedagogy and composition. Her areas of expertise include classical technique and repertoire, popular solos, hymn playing, composition, and improvisation. Along with the musical experience and education she has built up over the years, Mariam has a special love and passion for passing on the beauty of music to her students, and hopes to do so for many more years to come!

Studio MusiCAL is a proud member of the Music Teacher's National Association, as well as the California Association of Professional Music Teachers

Students are presented with different events and activities to participate in, including Festivals, Recitals, Competitions, and Auditions

According to experts, the benefits of taking music lessons include higher performance in multiple areas of studies, a wider range of vocabulary, more advanced reading skills, and enhanced critical thinking skills!

Location of lessons take place at the student's home. Families are required to own a piano for daily practice and for the student's weekly lessons
